Irrigation System Requirements

General information

A permit is required for the installation of landscape irrigation systems. A backflow prevention device is required at the connection to the water supply and must be independently tested by a licensed backflow tester.

State law allows a homeowner to perform this work on their homestead. However, any other person performing this work shall be a licensed plumber or irrigator who is registered as a contractor with the City of Lewisville.

Fees and Applications

An <u>online application</u> must be completed and submitted to Building Inspections. A permit fee is required prior to permit issuance. Building Inspections can be contacted at 972.219.3470 for additional information.

Plans Submittal Requirements

All irrigation plans used for construction must be drawn to scale. The plan must include, at a minimum, the following information:

- 1. The irrigator's seal, signature, and date of signing;
- 2. All major physical features and the boundaries of the areas to be watered;
- 3. A North arrow;
- 4. A legend;
- 5. The zone flow measurement for each zone;
- 6. Location and type of each:
 - A. Controller; and
 - B. Sensor (for example, but not limited to, rain, moisture, wind, flow, or freeze);
- 7. Location, type, and size of each:
 - A. Water source, such as, but not limited to a water meter and point(s) of connection;
 - B. Backflow prevention device and assembly details;
 - C. Water emission device, including, but not limited to, spray heads, rotary sprinkler heads, quick-couplers, bubblers, drip, or micro-sprays;
 - D. Valve, including but not limited to, zone valves, master valves, and isolation valves;
 - E. Pressure regulation component; and
 - F. Main line and lateral piping.
- 8. The scale used.
- 9. The design pressure.

- 2021 International Plumbing Code and as amended by Section 608.17.5 Connections to Lawn Irrigation Systems.
- Local Ordinance Chapter 4 Article IV

Inspections

Irrigation Final

Note: An authorized person needs to be present to handle the equipment during the inspection.

"Next Day" inspections must be requested through <u>MyGovernmentOnline</u> prior to 3 p.m. Inspections requested for Monday must be submitted before 10 a.m. on Friday.

Inclement Weather

During inclement weather, it is the responsibility of the contractor to reschedule all cancelled inspections after checking their job sites.
