Hi! My name is Allen and I am around 2 years old. I am the laziest, sleepest cat on the planet! The only thing I want is a kitty bed to sleep in and someone to love on me.....could you be that person? Come meet me at the shelter and I'll let you love on me and pet me.....but I probably won't get out of the bed :). I am sterilized, up-to-date on vaccinations, tested negative for FeLV/FIV and microchipped.

Intake Reason: Stray
